8080 LAKE SHORE DRIVE • CHICAGO, ILLINOIS

8080 Lake Shore

Located just 10 miles south of downtown Chicago, **8080 Lake Shore** is one of the largest contiguous infill parcels currently available for sale in the United States. Formerly U.S. Steel's South Works mill, 8080 Lake Shore offers 128 acres of land near over one and a half miles of Lake Michigan shoreline.

The property offers easy access to the I-90 and I-94 expressways as well as a four-lane extension of Lake Shore Drive, completed in late 2013. This extension runs through the site, providing approximately two miles of highway frontage.

Site Specifications

Acreage	128
Zoning	Industrial
Site Type	Greenfield

Ideal Location

Accessible Location: In addition to being located within 15-minutes of Chicago's Loop, 8080 Lake Shore is minutes from the Chicago Skyway, I-90, I-94, I-57, I-55 and I-290. The site also boasts direct barge and boat access.

Lake Shore Drive Extension: The property benefits tremendously from the recent U.S. Highway Route 41 – South Lake Shore Drive \$64 million, two (2) mile extension. This modern extension can accommodate an additional 27,000 vehicles per day.

Existing Infrastructure: Rail freight service via Chicago Rail Link rail line and an existing 2,600' barge slip for ship access.

Vast Lake Michigan Shoreline: Near to one and a half miles of Lake Michigan shoreline, 8080 Lake Shore provides a once-in-a-lifetime opportunity to acquire a large, visible, world-class site within a global gateway market.

Unlimited Potential: The site is well-suited for a wide variety of uses including industrial warehousing and manufacturing.
