

RESPONSIBLE CARE POLICY

Vision

OmniTRAX, Inc. and all OmniTRAX-managed companies commit to developing and growing our competitive business advantage through leadership and excellence in Environmental, Health, Safety, and Security (EHS&S). This vision is realized through OmniTRAX's commitment to the implementation of the Responsible Care® Management System. To achieve this vision, we agree to adhere to the following policy commitments.

EHS&S Policy Commitments

EHS&S Integration and Accountability

- Integrate EHS&S considerations in all aspects of our operations and make EHS&S our top priority.
- Assure our associates have the necessary education, resources, and training to understand their responsibilities and accountability for EHS&S sustainability and continuous improvement.

Continuous Improvement and Performance

- Establish, monitor, and periodically review Responsible Care® Partnership Program goals, objectives, and key performance indicators (KPIs).
- Commit to continuous improvement in EHS&S, with the ultimate goal of preventing injuries, accidents, adverse health effects, and environmental impacts.

Health and Safety Protections

- Protect the health and safety of our employees, customers, contractors, neighbors, and all individuals impacted by our operations.

Regulatory Compliance and Training

- Comply with applicable laws, regulations, codes, and standards, and provide comprehensive training and oversight to assure compliance.

Emergency Preparedness and Security

- Develop, implement, and periodically test emergency response procedures to ensure prompt and effective emergency communication and response.
- Ensure our facilities are designed, operated, and maintained to assure safety, security, and the protection of health and the environment.
- Protect employees, assets, information, and the OmniTRAX corporate reputation by maintaining robust security systems.

Commitment to Responsible Care® Guiding Principles

- Integrate the Responsible Care® Guiding Principles into strategic and operational decision-making to uphold our commitment to sustainability, transparency, and stakeholder engagement.

Sergio Sabatini
OmniTRAX President
